

LEAD: Umatilla County

***FREE nonprofit training series
for both established nonprofit leaders
and individuals with no experience***

Are you currently a nonprofit board or staff member? Are you interested in serving on a nonprofit board but uncertain where to start?

LEAD's aim is to bring people of all skill levels and experience together for a collaborative program of nonprofit best practices training and professional development.

- Current board and staff will learn practical skills and gain access to tools that will enhance the work of their organization.
- Prospective nonprofit leaders will learn the principles of nonprofit service and be connected to opportunities for board membership in their community.
- Both groups will benefit from a reciprocal environment of peer support and shared experiences.

We hope you'll take this opportunity to strengthen personal and professional skills and empower the work of local nonprofit organizations!

**FREE to participate! See all the details at:
www.nonprofitsteward.org/lead**
